

SURFACING RANGE

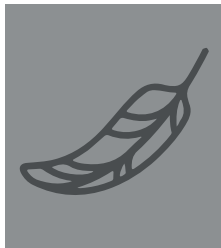

TORNADO

Light vibrating screed

The TORNADO screed has the most innovative technology and the most comprehensive range of vibrating options.

- High strength aluminium profile
- Anti-corrosion treatment on the profile edges
- Handlebar equipped with stop switch
- The 200mm profile is designed to provide good buoyancy
- Optional grips with VAS anti-vibration system
- The frame protects the motor from concrete splashes

+ Safe and comfortable

The TORNADO handlebar is vibration-isolated, providing greater comfort for the user.

+ Handling

Its folding handle makes it easy to transport without the need for additional tools.

+ Ergonomic

The handle of the TORNADO is height-adjustable, and it has a cushioned grip

+ Engine support

It helps protect and reduce vibrations in an engine by 50%, thus extending its life.

Technical Data Petrol Screeds

MODEL	Engine	Power (CV)	Fuel	Fuel tank capacity (L)	Frequency (vib/min)	Centrifugal force (N)	Weight (Kg)
TORNADO H	HONDA GX25 4t/st	1.1	Unleaded Petrol	0.55	Up to 9,000	1,500	12.2

Technical Data Electric Screeds

MODEL	Engine	Power (W)	Frequency (vib/min)	Centrifugal force (N)	Weight (Kg)
TORNADO E	External Vibrator 230V 1~	150	3,000	700	9.5
TOR. E TURBO	Vibrator 230V 1	500	12,000	1,300	12.2

Profiles

Length (m)	Weight (kg)
1.5	4.6
2	6.2
2.5	7.8
3	9.3
4	12.5
